

How to Safely Wear Your Mask

Step 1: Wash or sanitize your hands.

Step 2: Make sure the top of the mask is over your nose and the bottom is under your chin.

Step 3: Place the mask over your nose and mouth before you place the ear loops or head straps behind your head.

Step 4: Move the mask around so it covers nose, mouth, and chin completely.

Step 5: The tops of some masks can bend. Press your fingers on the top of the mask to make them fit tight around your nose.

Step 6: Do not touch the mask while wearing it. Adjust the ear loops or head straps if you need to make it fit better.

Step 7: Use the mask ear loops or head straps to take it off. Do not touch the front.

Step 8: Wash cloth masks between uses. Throw away disposable masks.

Step 9: If wearing N95/KN95 again, store in a paper bag. Do not wash.

Step 10: Wash or sanitize your hands again.
